Highlights of SAS

- **American Ingenuity**
 - In the 70s, co-founders of San Antonio Shoemakers™ (SAS), Terry Armstrong and Lew Hayden had a vision of how soft and comfortable genuine leather shoes should be made.
 - The plan was simple. They would use the finest leather and quality materials, each pair crafted by hand with close attention to detail.
- **Keeping the Dream Alive**
 - Today, San Antonio Shoemakers™ continues to be a family-owned business, proudly handcrafting most of our shoes in the USA. Even under the direction of a new generation, SAS still respects the principles on which the company was founded.
- **Mission Concepción**
 - Dedicated in 1755, Mission Concepción appears very much as it did over two centuries ago. It stands proudly as the oldest unrestored stone church in America
- **Lunch at Mama Margie's Mexican Café (out-of-pocket)**

We Leave Bayland Park at 8:30am (please be there at 7:45am)
